

Graft Us In

Verse 1

We were scattered from the land

Carried out among the nations

House of Israel torn apart

Living under other names

But the covenant still stood

And your promise still remained

You remembered every tribe

You still called them by their name

Pre-Chorus

You called the exiles home

You opened up the way

Chorus

You were pierced to bring us near

Lamb of God, you made a way

By your blood the broken branches

Can be joined again today

Graft us back into the tree

To the root that still remains

Son of David, King of Israel

Call the scattered home again

Verse 2

Not cast off and not abandoned

Not erased and not replaced

What was severed by rebellion

You came down to heal with grace

From the nations you are gathering

Every tribe and every family

One people in the covenant

Joined again to Israel's tree

Pre-Chorus

You called the exiles home

You opened up the way

Chorus

You were pierced to bring us near

Lamb of God, you made a way

By your blood the broken branches

Can be joined again today

Graft us back into the tree

To the root that still remains

Son of David, King of Israel

Call the scattered home again

Bridge

Judah

Ephraim

In the hand of the King

One people

One promise

Brought back in by the Lamb

Not forgotten

Not forsaken

You are gathering again

Twelve tribes

One mercy

Call the scattered home again

Final Chorus

You were pierced to bring us near

Lamb of God, you made a way

By your blood the broken branches

Can be joined again today

Graft us back into the tree

To the root that still remains

Son of David, King of Israel

Call the scattered home again

Outro

Call the scattered home again

Back into the tree
