

Test Everything

Verse 1

We opened up the Scriptures

We let the pages speak

Every doctrine tested

Your living truth we seek

We're coming back to Torah

To what You first proclaimed

The ancient paths before us

Still calling out Your Name

Pre-Chorus

Not by the voice of culture

Not by the fear of man

We will walk in obedience

To every word You've planned

Chorus

Test everything

Hold fast to what is true

Return to the covenant

Yahweh we run to You

Test everything

Let every lie fall down

We’re keeping Your commandments

We’re standing on holy ground

This is the remnant rising

This is the narrow way

Walking in the footsteps

Of Yeshua every day

Verse 2

They said the Law was finished

They said it passed away

But Messiah never changed it

He walked in all Your ways

From Sabbath rest to holy days

We follow what You gave

The Torah still defines us

And we are not ashamed

Pre-Chorus

Not by man-made systems

Not by tradition's chain

We're returning to the Hebraic roots

Your covenant remains

Chorus

Test everything

Hold fast to what is true

Return to the covenant

Yahweh we run to You

Test everything

Let every lie fall down

We're keeping Your commandments

We're standing on holy ground

This is the remnant rising

This is the narrow way

Walking in the footsteps

Of Yeshua every day

Bridge

Back to the Sabbath

Back to the feasts

Back to the Word

From the greatest to least

Law on our hearts

Not cast aside

Written in fire

Not modified

Test it

Weigh it

Search it

Pray it

When the shaking comes

Your Word remains

Final Chorus

Test everything

Let the fire refine

Every doctrine

Through the Living Vine

Test everything

Till our faith is flame

Keeping God's Law

In Yeshua's Name

Yahweh reigns

Forever the same

From age to age

Your covenant remains
